

About the Author

Mike Henderson is president of Eastern Informatics, Inc., an information-technology consulting firm based in Silver Spring, Maryland. He has twenty years' experience in the healthcare, educational, and financial areas of the IT industry. Mike has worked with the HL7 standard since 1992 in organizations including the U.S. Department of Veterans Affairs, Antrim Corporation (now Sunquest Commercial Systems), and Kaiser Permanente.

Mike teaches HL7 for OTech as part of its seminars and workshops worldwide. A founding member of the HL7 Query Task Force, he has served as co-chair of the Control/Query Technical Committee of Health Level 7 and of the IHE IT Infrastructure Committee. He is a frequent speaker at industry conferences including HL7 and AMIA.

About OTech Inc:
