Preface	III
Foreword from the Author	V
Acknowledgments	V
For More Information	VI
Contents	VII
1 What Is HL7 Version 2.x?	11
The Standards	11
An Inpatient Care Episode	13
The Structure of a Message	14
2 Breaking an HL7 Message into Its Elements	15
3 Inpatient Episode Step 1: The Patient Admission Message/ADT	21
Message Types and Trigger Events	23
Message Syntax	26
Postscript: Emptiness and Nullity	28
4 Introduction to Data Types	29
Data Types for Text and Numerics	30
The ST Data Type	30
The TX Data Type	31
The FT Data Type	31
Sending HL7 Delimiters in Text Elements	32
The NM Data Type	32
Data Types for Controlled Vocabularies	33
Internal Code Sets: HL7-Defined and User-Defined	34
Referencing External Code Sets	35
The IS Data Type	35
The ID Data Type	36
The HD Data Type	37
Code Usage	38
Identifier Usage	39
Combined Code and Identifier Usage	39
Nesting Identifiers	39
The CE, CNE, and CWE Data Types	40
Data Type CE	40
Data Types CNE and CWE	41
Data Type CNE	42
Data Type CWE	43
Data Types for Date and Time	44
The DT Data Type	44
The TM Data Type	45
The DTM Data Type	45
The TS Data Type	46
The DR Data Type	47
5 The MSH Segment: Message Header	49

Message Header.....	49
MSH-3 through MSH-6: Application and Facility.....	50
MSH-7: Message Date and Time	51
MSH-9: Message Type	52
MSH-10: Message Control ID.....	54
MSH-11: Processing ID.....	55
MSH-12: Version ID.....	56
6 The EVN Segment: Event Information.....	59
Event Information.....	59
EVN-2: Recorded Date/Time	60
EVN-6: Event Occurred	61
7 The PID Segment: Patient Identification	63
PID-3: Patient Identifier List	64
The CX Data Type	65
PID-5: Patient Name.....	67
The FN Data Type.....	68
The XPN Data Type.....	69
PID-7: Date/Time of Birth.....	71
PID-8: Administrative Sex	72
PID-10: Race	73
PID-11: Patient Address	74
The SAD Data Type.....	75
The XAD Data Type	75
PID-18: Patient Account Number.....	77
8 The PV1 Segment: Patient Visit	79
PV1-2: Patient Class.....	80
PV1-3: Assigned Patient Location.....	81
The PL Data Type	82
PV1-7: Attending Doctor.....	83
The XCN Data Type	84
PV1-8: Referring Doctor.....	86
PV1-9: Consulting Doctor.....	87
PV1-10: Hospital Service.....	88
PV1-15: Ambulatory Status.....	89
PV1-17: Admitting Doctor	90
PV1-19: Visit Number	91
PV1-44: Admit Date/Time.....	92
PV1-45: Discharge Date/Time	92
PV1-51: Visit Indicator.....	93
9 The OBX Segment: Observation	95
OBX-2: Value Type	96
OBX-3: Observation Identifier	97
OBX-5: Observation Value.....	98
OBX-6: Units.....	99
OBX-11: Observation Result Status.....	100
10 The AL1 Segment: Patient Allergy	101
Patient Allergy	101
AL1-1: Set ID.....	102
The SI Data Type	102
AL1-3: Allergy Type.....	103
11 The DG1 Segment: Patient Diagnosis	105
Patient Diagnosis	105
DG1-1: Set ID.....	106
DG1-3: Diagnosis Code	106
DG1-6: Diagnosis Type.....	107

12 The General Acknowledgment Message	109
Introduction: The Concept of Acknowledgment in HL7.....	109
Abstract Syntax of the General Acknowledgment Message	110
Example of the General Acknowledgment.....	111
13 The MSA Segment: MessageAcknowledgment	113
Message Acknowledgment.....	113
MSA-1: Acknowledgment Code	114
MSA-2: Message Control ID.....	115
MSA-3: Text Message	116
MSA-6: Error Condition.....	117
14 The ERR Segment: Error Information.....	119
Error Information.....	119
ERR-1: Error Code and Location	120
15 Inpatient Episode Step 2: Using the General Order Message for Imaging	123
16 The ORC Segment: Order Common Information.....	127
ORC-1: Order Control Code	128
ORC-2: Placer Order Number	130
The EI Data Type	131
ORC-3: Filler Order Number	133
ORC-4: Placer Group Number	134
ORC-5: Order Status	135
ORC-7: Quantity/Timing.....	136
The TQ Data Type.....	137
ORC-8: Parent	139
ORC-9: Date/Time of Transaction	140
ORC-10: Entered By	141
ORC-12: Ordering Provider	142
ORC-14: Call Back Phone Number	143
The XTN Data Type.....	144
ORC-17: Entering Organization.....	146
17 The OBR Segment: Observation Request	147
OBR Segment.....	147
OBR-2: Placer Order Number	149
OBR-3: Filler Order Number	150
OBR-4: Universal Service ID.....	151
OBR-12: Danger Code	152
OBR-13: Relevant Clinical Information	152
OBR-15: Specimen Source.....	153
OBR-16: Ordering Provider	155
OBR-27: Quantity/Timing.....	156
OBR-29: Parent	157
OBR-30: Transportation Mode.....	158
OBR-31: Reason for Study.....	158
OBR-41: Transport Arranged	159
18 The Order Response Message.....	161
Introduction	161
Example Response.....	162
19 Inpatient Episode Step 3: Using the Laboratory Order Message	163
Laboratory Order Message	163
20 The TQ1 Segment: Timing andQuantity Information	167
Timing and Quantity Information.....	167
TQ1-1: Set ID.....	168
TQ1-7: Start Date/Time.....	169
TQ1-9: Priority	169
TQ1-12: Conjunction.....	170
21 Inpatient Episode Step 4: Using theGeneral Order Message to Schedule an Imaging Procedure... 171	171

Schedule an Imaging Procedure	171
OBR-18: Placer Field 1 (Accession Number)	172
OBR-19: Placer Field 2 (Requested Procedure ID)	173
OBR-20: Filler Field 1 (Scheduled Procedure Step ID)	173
OBR-24: Diagnostic Service Section ID (DICOM Modality)	174
The ZDS Segment	175
22 The ZDS Segment: Additional Identification Information for Imaging	177
The ZDS Segment	177
The RP Data Type	178
23 Inpatient Episode Step 5: The General Results Message for Imaging	179
Introduction	179
Example Results Message	180
24 Inpatient Episode Step 6: The Patient Transfer Message	183
25 Inpatient Episode Step 7: The CancelPatient Transfer Message	185
The Cancel Patient Transfer Message	185
An Issue of Event Identification	186
26 Inpatient Episode Step 8: The Expected Discharge Message	187
The Expected Discharge Message	187
The IT Infrastructure Technical Framework and the Patient Administration Management Profile	187
27 Inpatient Episode Step 9: The Discharge Message	189
Appendix: Lab, XML and V3	191
Lab, XML and V3	191
The V2.5 Lab Results Message with Default Encoding	191
The V2.5 Lab Results Message with XML Encoding	192
An Equivalent V3 Lab Message	203
Glossary	213
Index	217
