This errata sheet corrects errors in the **PACS Associate: DICOM Component Study Guide**, Version 1.0, copyright © 2006 by OTech Inc.

Pages	Correction
129 - 131	The numbering of question items restarted to 1 after question number 8. The numbering of test questions was corrected. There was no change to the text.
235 - 240	The Test Questions Answer Key was incorrect and section numbers were missing from the headers. The entire Answer Key was corrected. Attached is a complete copy of the corrected Answer Key.
